Renfrewshire
Council

Tel: 0141-842-5742 Fax: 0141-842-5525
My Ref: NW/RI/C303/COR/1
Your Ref: 06/0602/PP
Ask For: Denis Droy
Date: 8 November 2006

To: Head of Planning
F.A.O. Mr David Bryce

From: Head of Roads

Subject : Consultation Response on R.O.F. Bishopton
Outline Planning Application
(Re: Drainage Assessment Supporting SUDs Calculations)

Further to receipt of your consultation request of 3 November 2006 on the above application I would comment as follows in respect of the above submission by Upton McGougan Ltd, (dated 21 July 2006):

The addendum supersedes Appendix 14 of the FRA, and amends the treatment volumes referred to in page 17 of the FRA (Section 6, Drainage Assessment).

I confirm that the submission now satisfactorily addresses the outstanding points raised in my previous consultation response of 10 July 2006, i.e the required pre and post development runoff calculations and resultant storage and treatment volumes are confirmed.

Denis Droy 
Manager, Network Regeneration
