FAO Mr David Bryce

Dear Mr Bryce

**ENVIRONMENTAL IMPACT ASSESSMENT (SCOTLAND) REGULATIONS 1999
ENGINEERING OPERATIONS COMPRISING, REMEDIATION AND RECLAMATION
EARTHWORKS AT ROYAL ORDNANCE SITE, STATION ROAD, BISHOPTON**

I refer to your letter dated 24 October 2006 and the accompanying Environmental Statement.

The proposed development does represent an intensification in use at this site with respect to traffic generation. However there will be a minimal increase in traffic on the trunk road therefore the proposed development is likely to have minimal impact on the trunk road network. On this basis there are no specific trunk road comments.

I trust this meets your requirements.

Yours sincerely

John Swanson
